Roberttown Care Home

At Roberttown Care Home in Liversedge, Residents enjoy living in the tranquil, beautiful West Yorkshire countryside. In our spacious, comfortable Home, compassionate, attentive Colleagues practice person-centred care. This holistic approach empowers Residents to live the lives they want, in a safe, supportive environment.

A short distance from the M62 and within easy reach of pretty nearby villages, Roberttown Care Home in Liversedge overlooks the open fields of Hartshead. Our dedicated care and support teams provide expert care for those who are elderly and frail and also for people that are living with dementia, Parkinson's and a range of other needs.

Life here is comfortable and enjoyable. The lively community participate in activities, get plenty of time to socialise and enjoy visits from local groups. Each Resident can personalise their room from the day they move in, and some of the 29 rooms here are suitable for couples to share.

Welcome to Care & Support

Your guide to finding support in Bradford

Welcome to the 2025 edition of Care & Support Bradford. This directory will provide you with all the information you need to find the best care throughout the Bradford district.

Searching for care during these times when the cost of living is continuing to increase can be difficult, our aim with this directory is to take away as much of the stress as possible, and give you all the information you need.

The following pages are packed full of information about support in your own home, information for carers, types of care homes and safeguarding. Also included is a look at

the new Care Act
and the implications
for people who
are searching
for care.

The district map on page 35 is useful if you have a particular area in the Bradford district that you are looking for care in, this can be cross-referenced against the postcodes on each listing to pinpoint each care provider.

There is a comprehensive list of home care providers, care homes, both with and without nursing throughout the Bradford district and the services each provider offers, plus information on how to contact these providers.

If you require additional copies of this directory for family members, please contact us on **07511 032908** or **07952 040931** or visit our website at www.careandsupport-bradford.co.uk where you can browse all the information included in this directory online.

Support in your home

If you need help and support around your home, home care can be a viable option. For many people it is important to stay in their own home, with familiar surroundings near to friends and family and at the same time, retaining their independence. However as we get older we may need some support and assistance.

What kind of support is available?

- Getting in and out of bed.
- Bathing and washing.

- Cooking meals.
- Hygiene clean to support Health & Safety, e.g. spillage, animals, work surfaces, bathrooms etc.

The amount of home care needed can be tailored to suit your Care Act assessed needs – from a visit once a day to a much greater amount of help.

To see a list of home care providers in the Bradford district, our listings start on page 26.

Bradford Enablement Support Team (B.E.S.T)

The Bradford Enablement Support Team (B.E.S.T.) provides short term support to people who cannot care for themselves easily because they are ill or disabled. The aim is to support you to maintain your independence and stay in your own home.

The service is tailored to meet your needs over a 24-hr period and works with you to set achievable goals to maximise your independence. You will be supported to achieve your goals either through improved physical ability or with the use of equipment and TEC (Technology Enabled Care). Should your needs stabilise, though an assessment for on-going support, BEST enablement will be ended and your ongoing support options will be discussed with you.

If you have managed to regain your independence, BEST service will be ended at that point.

Who is this for?

- Older people.
- People with physical disabilities.
- People with sensory loss including difficulty with sight and hearing.
- People with mental health problems.
- People with learning difficulties.

When is the service available?

The B.E.S.T. service works 24 hours a day. We will do our best to meet the times you would like us to provide home care, but due to the high demands on the service this is not always possible.

Is there a charge?

The B.E.S.T. service is a free service until you have managed to regain your independence, or you have had an assessment conducted to show your eligible on-going support needs.

If you receive support from the B.E.S.T. service for more than six weeks, you will be required to pay for the service. The charge for the service will be based on your financial circumstances which will be assessed to determine what you will pay. Charges can be applied from the point of assessment.

For more information on Bradford Enablement Support Team, contact Bradford Council's Independent Advice Hub on 01274 435400.

Home adaptations

If you would like to remain in your own home, there are options available for you, one of these is through home adaptations. With careful planning you can adapt your home to ensure you are safe, warm and healthy.

Adaptations might include:

- Fitting a stairlift or a banister.
- Widening doorways.
- Lowering worktops.
- Adding an outdoor ramp or step rail.
- Installing an intercom system.

If you are having difficulties with everyday tasks, there are a wide variety of equipment available to help make these easier.

Equipment includes:

- Raised toilet seat.
- Grab rails for entering bath or shower.
- Pill organiser and timer.

Once you have decided on having your home adapted, and need a tradesperson, you can ask your friends and family for recommendation. Look out for the TrustMark logo to find tradespeople. This is the only government-endorsed scheme for all trades in and around the home. You can search for reputable organisations and reliable tradespeople using your postcode at www.trustmark.org.uk

Safe and Sound

What is Safe and Sound?

Safe and Sound offers a continuous, automatic, remote monitoring of users by using sensors to enable them to live in their own home, while limiting their exposure to emergencies.

Safe and Sound provides peace of mind for people to live safely and independently at home with a 24-hour, 365 day support service, who are having problems with:

- Falls.
- Fire.
- Forgetfulness.
- Bogus callers.
- Medication.

How does Safe and Sound work?

Using equipment such as sensors and timers the service user or carer is alerted to potential health or safety risks. Your home can easily be connected to Safe & Sound where calls are monitored 24 hours a day including weekends and all bank holidays.

The equipment supplied by Bradford Council plugs into a socket in your home and a telephone point. These need to be located close together.

At the safe and sound control centre information you provide is held securely and is instantly available so action can be taken in an emergency. When you contact the centre, the operator will know your name, address, GP, next of kin and key holder information.

Safe and sound has mobile staff who operate throughout the Bradford District. Staff have training in first aid, lifting techniques and can provide a back up to your named contacts and can help in a simple emergency, but are not able to perform 'care tasks'.

Where there is an assessed need we can also provide you with additional equipment such as a medication dispenser, property exit sensor and epilepsy sensor. Some of this equipment will connect via the alarm unit to keep you safe in your own home.

Safe and Sound equipment is easy to use:

- A press of a button you are in touch with Safe and Sound.
- Information supplied by you and stored on the system will be highlighted automatically.
- Operators can speak to you through the safe and sound unit.
- All calls are monitored and recorded for your safety and security.

Is there a charge?

There is a weekly charge for the service which is £3.30 per week plus VAT (66p) if

applicable. The charge can be paid as an annual bill or a monthly standing order.

If you do not live in Bradford and would not pay Council Tax to Bradford Council, but still wish to use the Safe and Sound service because you live close to the Bradford boundary (within one mile), then Bradford Council can provide equipment and 24/7 control centre support for a small weekly fee, but the council cannot provide a response, other than the contacts you provide them with.

You can contact Bradford Metropolitan District Council for an assessment for an alarm unit or a no-obligation demonstration on **01274 435249**.

Care in your own home

Independent home care providers

Home care providers concentrate on providing quality care for individuals in their own home.

Services to support:

- Older people.
- People living with dementia.
- People living with physical disabilities.
- People with sensory impairment.
- Adults with learning difficulties.
- People living with a mental illness.

The support they provide is usually flexible home support which is specifically tailored to meet the needs of the individuals.

Home care providers are registered with the Care Quality Commission (CQC) and they ensure their employees have an enhanced DBS check if they are coming into contact and working with vulnerable adults or children.

The moving and handling of people is a regular task in home care, which if not done safely, can cause serious injury to individuals and staff, always ask if the staff are trained in the use of hoists if they are required.

Daily care/domestic support

Companies offering domestic care support services designed around the individual, which are both affordable and economically viable will work closely with you and your loved ones to ensure the personal care and domestic support they provide are just suitable for you.

Help can include:

- Help with getting up in the morning.
- Shaving, hair care and nail care.
- Assisting with clothing selection.
- Bathing and washing.
- Cleaning and tidying the home.
- Preparing and cooking meals.
- Settling in for the evening.
- Prompting medication.
- Shopping.
- Accompanying and helping organise days out, meeting friends and family, hospital and medical appointments.
- Carers should be fully trained or be in ongoing training.
- You will have a care plan drawn up by the care providers, which the carers will work to.
- Respite for main carer.

Shared Lives

Shared Lives Schemes provide family based high quality care, support and accommodation to the people using the service, giving them a chance to live an ordinary life in the community with the support they need.

Bradford Council support adults who are older, who may have dementia, people with a learning disability, people with mental health issues, or other needs that make it harder for them to live on their own.

Care and support can be provided as day time support or on a short break or a full time basis. It will be provided in a way that is responsive, friendly and timely, that is worthy of peoples trust as we are registered with Care Quality Commission. Sometimes people use a Shared Lives Scheme as a

way of learning the skills they need to live independently but also as a home for life or to support their current living arrangement. It is an alternative to traditional kinds of care such as care homes, supported living, building based day services and respite stays in a care home.

Sharing a home and community life supports people to transform their lives as well as build positive and meaningful relationships. Everyone is matched carefully with a Shared Lives provider / carer and the Bradford Scheme provides ongoing support for all those involved.

Any member of the team would be happy to talk about the service and can be contacted on **01274 432211**.

Disabled Facilities Grants

You can refer for an occupational therapy assessment in order to be considered for DFG grant funding to adapt your home if you are disabled and need to make changes to your home. The Occupational therapy approach will be centred around conversations about what you are able to do for yourself and the support you have from family, friends or within the community to help you maintain living healthy, happy and well at home. We will also consider the potential for rehabilitation, appropriateness of equipment provision, minor works, techniques to manage everyday tasks prior to looking at DFG funding.

Grants can be used to:

- Widen doors and install ramps.
- Improve access to rooms and facilities, e.g. stairlifts or a bathroom.
- Adapt heating or lighting controls to make them easier to use.
- Fitting gates to stairs or safety glass in doors and windows.
- Taking a bath out and installing a shower.
- Improving access to enable care of a child/spouse.

The maximum grant available is up to £30,000. It is means tested to establish if you will have to make any contribution yourself. How much you get depends on your household income and household savings.

You or someone living in your property must be disabled. Either you or the person you're applying for must:

- Own the property or be a tenant.
- Intend to live in the property during the grant period (currently 5 years).

The council needs to be happy that the work is necessary and appropriate to meet the disabled person's needs and depending on the age and condition of the property - that the work can be done.

An occupational Therapy assessment is required in determining what is considered as appropriate and necessary. You will need to apply separately for any planning permission or building regulations approval.

To make an enquiry about Disabled Facilities Grants, contact the Occupational Therapy Service Access Team at Bradford Metropolitan District Council on **01274 435400**.

Community Meals

Park Care Meals is a Yorkshire based family run company and have been providing hot and frozen meals for over twenty years. Park Care Meals provides an exciting and nutritionally balanced menu - many meals are traditional favourites with some exciting new choices as well as an evening tea of a sandwich and dessert.

Meals are delivered 7 days a week 365 days of the year including all bank holidays. A 2 course meal which consists of a main meal and a choice of Hot or Cold Dessert costs £7.75.

You can order a Teatime pack to arrive with your lunch. The cold evening teas consist of a sandwich and desert for only £3.25 per day.

A wide variety of special diets and cultural meals - such as Asian, Halal or African-Caribbean are available. You can also choose from vegetarian, diabetic, gluten free or modified textures for people with chewing or swallowing difficulties.

Payments can be made daily or weekly by cash or cheque to the delivery driver. Alternatively, a monthly invoice can be sent to you or a relative, bank transfer or standing order can be set up.

If you require any additional information or would like to set up a Hot Meals Service, then please contact: Support Options Team on **01274 434191** or email: support-options@bradford.gov.uk.

Daytime activities

To support people to remain independent at home there are a range of daytime activities available across Bradford district.

Details of these can be found in the community directories on Connect to Support.

<https://bradford.connecttosupport.org>

These are available to offer opportunities to people who are experiencing loneliness, or have care needs and need help to get involved in activities.

They can also offer respite to those caring for somebody at home.

Compliments and complaints

Every service provider who offers support to individuals need to know how well they are performing.

They welcome comments as this is an instant way to measure how well they are doing things correctly, or if there are ways that they can provide a better level of service.

Providers keep a log of compliments and complaints so when they are inspected by CQC they can show how responsive they are to the individuals that they care for. If you are having concerns about someone who is being looked after, speak to a manager, raising your concerns. They have a duty to respond to any complaints made.

If this course of action fails to resolve any issues and you are in council-funded care - you can make a complaint to the council. If you are in self-funded care - you should contact your local government ombudsman.

If you need to contact CQC you can contact them at **03000 616161** or by email at: enquiries@cqc.org.uk.

Carers

Who is a carer?

A carer is someone who, without receiving financial benefit, provides support to a family member, partner or friend that needs help because of their illness, frailty, disability, a mental health problem or an addiction and cannot cope without their support.

Carers feel a huge responsibility and commitment in looking after the person in their care, and they may fit in looking after someone whilst also doing paid work, they also do not have to be living with the person they are caring for.

The person they care for could be:

- Living with dementia.

- Have a physical disability, learning disability, or a mental health condition.

The role and responsibility of a carer can vary from day to day.

They can include:

- Help with household tasks, such as cooking, cleaning and paying bills.
- Personal care, such as bathing, administering medication, feeding and dressing.
- Providing emotional support.

For more information on the Care Act implications for carers, please visit our website at www.careandsupport-bradford.co.uk for further information.

Carer's assessment

What is a carer's assessment?

Carer's assessments are for adult carers of adults (over 18 years) who are disabled, ill or elderly. Due to changes in the Care Act, local authorities now have a legal duty to assess any carer who requests an assessment or appears to need support.

You could be eligible for support from your local authority - this could include receiving money to pay for items which makes caring for an individual easier, to putting you in contact with local support groups for help and advice.

The aim of the assessment is to get you the help and support that you need. It considers the impact of care on your own wellbeing, as well as what you want to achieve in your day-to-day life. It will consider whether you are able or willing to carry on caring, want to work or have more free/family time independent of a carer role.

After the assessment the local authority will decide whether you are "eligible" for support. If you are to receive support, you will be contacted and discuss what help is available to help you. If you are not "eligible" you will

be given information and advice on support groups in the Bradford area.

If you need support, get in contact with Bradford Metropolitan District Council Independent Advice Hub for information and advice on **01274 435400**.

You can also contact Independence Advice Hub for yourself or on behalf of someone else using the online form (*Please see the link at the bottom of this page*).

Referral points to consider:

- If referring on behalf of someone, it is imperative that consent is obtained.
- What ways of staying independent have you/they already considered?
- Have you/they tried any equipment/minor works/community services?
- Are there any sensory/communication needs that we need to be aware of?
- What is currently working well?
- How do you believe Adult Social Care can support you/they to remain independent in the community?

Link to self-referral for help and assessment.

Care Homes

Types of care home

There are a wide range of options available when it comes to choosing a residential or nursing care home. Some are privately owned, or run by the local council or charities.

One of the first decisions you have to consider is whether you need residential care or nursing care.

Care homes with nursing offer personal care as well as benefitting from the experience of having a qualified nurse being available at all times.

Some care homes specialise in helping people with dementia (also known as EMI) and have staff who have specific knowledge in the areas of dementia and mental health to help give advice and support to individuals.

Care homes with nursing care

If you think you need a nurse to oversee your care, you will need to be assessed for this. Nursing care provides accommodation, meals and assistance with personal care and access to qualified nursing staff on duty 24 hours per day.

Care homes without nursing care (Residential care)

Residential care homes provide support, accommodation, meals and assistance with personal care whenever the need arises during the day or night.

Residential care homes offer:

- Range in size from very small homes with a few beds to large-scale facilities.
- Help with washing, dressing, at meal times and with using the toilet.
- Offer care and support throughout the day and night.
- Nursing care is delivered by District Nurses.

Care homes providing specialist care - Dementia

Many care homes now cater for people who need specialist care - such as dementia. These homes give people the opportunity to live in a safe environment with trained staff on hand to offer them care and support day and night.

Choosing a specialist Dementia care home

People experiencing dementia can have difficulty communicating, which in turn can lead to a sense of isolation. Look for a care home that help find ways in which they can re-engage with their families, friends and the community as a whole.

Specialist Dementia care homes give people the chance to live in a home environment with specialist staff on hand to look after them day and night. These offer similar kinds of care to what family members can provide at home, such as help with washing, dressing, going to the toilet, medication, bathing and providing meals.

Registered nurses fully support care staff and regularly review new research to ensure the most innovative way to provide treatment which is of benefit to residents and their families.

The nurses focus on what residents can do rather than what they can't and ensure that fun activities, treatments, and therapies are always available.

Care homes for older people are divided into those that offer "personal care" and those that offer "nursing care". In some homes, more able residents have greater independence and take care of many of their own needs.

How to choose a Dementia care home

In most cases, the first step in choosing a care home for someone with dementia will be to get an assessment from Adult and Community Services Department. This will make clear whether or not they need a place in residential care or what other options might be available.

Bradford Council Independent Advice Hub will be able to provide information about residential care homes and may be able to assist with finding a suitable home.

Points to consider:

- Location – would the person you're looking after prefer to be near family and friends?
- Are there shops, leisure or educational facilities in the area?
- What arrangements are there for visitors?
- Can residents come and go as they please?
- Are staff able to help residents go out?

Care home monitoring

About the CQC

The Care Quality Commission (www.cqc.org.uk) monitor, inspect and regulate services to make sure they meet fundamental standards of quality and safety.

Inspection and registration of care services

All care providers have to be registered with the Care Quality Commission (CQC) this covers all adult social care, independent healthcare and the NHS into a single set of essential standards of quality and safety.

All inspections are unannounced and services are inspected every year. After an inspection, the service is given a report of how it rates against key lines of enquiry.

CQC ask the same five questions of all the services they inspect.

- Are they safe?
- Are they effective?
- Are they caring?
- Are they responsive to people's needs?
- Are they well-led?

You can find a list of service reports on the CQC website at www.cqc.org.uk

If you have any enquiries, want to register a concern or a complaint, you can contact the Care Quality Commission on:

Telephone: 03000 616161

Email: enquiries@cqc.org.uk

Post: The Care Quality Commission, Citygate, Gallowgate Newcastle upon Tyne NE1 4PA

CQC inspection ratings explained:

- ☆ **Outstanding**
The service is performing exceptionally well.
- **Good**
The service is performing well and meeting our expectations.
- **Requires improvement**
The service isn't performing as well as it should and we have told the service how it must improve.
- **Inadequate**
The service is performing badly and we've taken action against the person or organisation that runs it.

By law, care providers have to display the ratings CQC give them. They must display them in the places where they provide care, somewhere that people who use their services can easily see them.

They must also show their ratings on their website, if they have one.

Award-winning care at our family-run nursing home

You can rely on our care. We've been rated as one of the top 20 care homes in Yorkshire and Humber by the people who know us best, not once, but for 4 years running.

Our high level of care is made possible by our amazing team who have worked here for decades, and our state-of-the-art equipment and facilities for those with often complex nursing needs. If you'd like to know more, read the reviews on our website or carehome.co.uk.

Our services

We pride ourselves on supporting people with a range of conditions. We're rated 'outstanding' for caring and offer the highest level of nursing care.

Our facilities

We offer a choice of beautifully decorated living options across three connected wings, with a large communal lounge and sun room, plus idyllic outside space.

Our people

Our dedicated and passionate team are what allow us to deliver the top quality people-focused care of which we are so proud.

Our ethos

We strive to enhance the lives of those we care for in a safe, relaxed & homely environment, ensuring wellbeing, dignity and independence at all times.

Support for younger adults

Learning & Physical disability

People with learning and/or physical disabilities may face barriers and may need support to achieve their goals. By being supported and by giving them choice and control over where, with whom and how they live helps them maintain their motivation and feeling of well-being.

There are many options available to individuals considering moving out of their home, some of these options are:

Supported living services enable younger people to live in their own home instead of in residential care or with family. It helps individuals to have their own home, or to share with others.

Short break services are for people who are normally supported by family or carers, allowing them to take a break. This gives the supported person the opportunity to make new friends and learn new skills.

Who are short breaks services for?

Short breaks are available to people with a learning disability that are normally supported by family or carers.

They receive support with:

- Personal care.
- Social/leisure activities.
- Household tasks.
- Taking medication.
- Making healthy lifestyle choices.

Housing with support

Accommodation based services and floating support

Housing Related Support helps vulnerable people live independently and enhance their quality of life.

Housing Related Support is delivered through accommodation based services, or floating support services.

Accommodation based services are linked to a property or scheme, such as self-contained accommodation, while Floating Support is not tied to particular accommodation.

Support might include:

- Managing budgets and applying for benefits.
- Gaining access to other services and organisations that can provide support.
- Learning life and social skills.
- Finding out about work or college.
- Managing personal wellbeing.

Individuals will be assisted in creating a support plan which will give them a set of goals to work towards.

Floating Support is a service that provides housing related support to individuals to help them maintain independence in their own home.

The purpose of Floating Support is to enable service users to live as independently as

possible within their community. It is usually a short term method of supporting people, and helps them focus on their strengths and plans for the future.

Over time as the individual becomes more confident and the need for support is sorted out, the level of support will be reduced.

Benefits of Floating Support:

- Access health services such as doctors, community nurses.
- Look at employment/work experience opportunities.
- Gain confidence.
- Individuals are encouraged to participate in events in the wider community.

If you value maintaining your independence, Extra care housing offers a secure place to live in a home of their own, but with care and support on hand 24-hours a day.

For many people, Extra care is the ideal solution as they can have their own space, but with the added reassurance that help is at hand. Extra care also allows people to move out of houses, into a home where they can be secure and live independently.

Benefits of Extra care housing:

- Practical help and support by an on-site team.
- Interaction with the local community.

Continued on page 20

Care is what we do

Crabtree Care Homes is a family business. Our homes for the elderly are situated within the Keighley and Bradford area. Finding a care home for a relative can be confusing, time consuming and frustrating, and this just for the person who is looking for a care home. It can be (and often is) more traumatic for the person who needs care.

Setting High Standards in Care

We have been caring for people for over 40 years - in the NHS, Social Services, and our own care homes. We were in care before we were in business.

We believe passionately that: if we're not doing it right, we shouldn't be doing it at all.

Sunningdale Bradford

Sunningdale provides specialist care for Dementia patients or those whose behaviour could be described as challenging. Care is offered to dementia sufferers including under 65's.

Please call us on **01274 545859** to make an appointment, or write to
5 North Park Road, Bradford,
West Yorkshire BD9 4NB

The Raikes Silsden

The Raikes' five star accommodation has been designed to provide comfort, variety and choice. Set in semi-rural surroundings, The Raikes is only 10 minutes from Ilkley and Keighley.

Please call us on **01535 653339** to make an appointment, or write to
Bradley Road, Silsden, Keighley
BD20 9JN

Ladies in Waiting

Ladies in Waiting is a domiciliary care agency, based in Ilkley, providing care, companionship and mobility to elderly people in their own homes, enabling them to live independently.

Please call us on **01943 817082** to make an appointment, or write to
10 Skipton Road, Ilkley,
LS29 9EJ

- Personal care - such as assistance with dressing, feeding and washing.
- Couples can stay together, rather than being separated.
- Emergency help is always available.

Services such as help with housekeeping/shopping and laundry is available, however, some providers charge for some or all of these services.

Extra care housing

If you value maintaining your independence, Extra care housing offers a secure place to live in a home of their own, but with care and support on hand 24-hours a day.

For many people, Extra care is the ideal solution as they can have their own space, but with the added reassurance that help is at hand. Extra care also allows people to move out of houses, into a home where they can be secure and live independently.

Benefits of Extra care housing:

- Practical help and support by an on-site team.
- Personal care - such as assistance with dressing, feeding and washing.
- Interaction with the local community.
- Couples can stay together, rather than being separated.
- Emergency help is always available.

Services such as help with housekeeping/shopping and laundry is available, however, some providers charge for some or all of these services.

Retirement housing

Retirement housing is usually for people aged 55+ who value having their independence, but also like the option of assistance being on hand if there is an emergency.

Retirement housing can be rented or sold on a leasehold or shared ownership basis. Each scheme varies in the facilities and services it offers, below is a list of services that are available in retirement housing:

- 24-hour support line.
- Domestic and maintenance help.
- Suite for visiting family or friends.
- Secure, on-site parking.
- Flexible, tailored care packages to suit all.

Many offer a wide range of social events for residents. Before buying/renting a retirement home, make sure you find out about running costs, such as service charges, ground rent, council tax and utility bills.

Direct payments

Direct payments empower service users by allowing them control and choice over the services they use to meet their needs. They are an important contribution to the independence, well being and quality of life of people with disabilities. Every individual on the scheme is paid an amount of money by the council to be managed by themselves, or with aid of others such as a family member, or an external advocacy organisation.

This money can be used to purchase any service or services that meet the person's assessed needs. As the money given to the person is given in lieu of the local authority providing the care, service users must account for the money every step of the way so Bradford Council can maintain its auditing requirements.

If someone is assessed as being eligible for support and it's not possible for them to get direct payments or they do not want one, social services must provide care and support directly, or through an individual service fund.

The full control over care and support that direct payments enables is an attractive option for many people. However, some people may be unsure whether they want or could manage a direct payment.

As an alternative to care services, the service user may be able to use their Direct Payments to fund other local services that enable their independence, such as 'meals on wheels', taxi cabs and social clubs.

For more information contact Bradford Metropolitan District Council Independent Advice Hub on **01274 435400**.

Safeguarding adults at risk of abuse

What is safeguarding?

Safeguarding means protecting an adult's right to live in safety, free from abuse and neglect.

If you suspect someone you know is at risk of being abused or neglected, don't ignore it, get in contact with professionals who can help break the cycle.

The person causing the abuse can be known to the person abused. They can often be in a position of trust. For example: spouses/partners; other family members; neighbours; friends; acquaintances; paid staff or professionals and volunteers; local residents; people who deliberately exploit adults they perceive as vulnerable to abuse; or strangers.

Abuse could be a one-off incident or happen repeatedly over a period of time.

You are more at risk if:

- You are isolated and have little contact with friends/family/neighbours.
- You are dependent on someone as a carer and there are issues with them.
- Your carer relies on you for a home/financial and emotional support.

I think I am being abused - what can I do?

Tell someone you trust as soon as possible. Help and support is available.

Speak to friends or careworkers, who may have an understanding of the situation and be able to take steps quickly to improve your situation.

You can also talk to trusted professionals such as your local GP or social worker, or contact Bradford Council's Safeguarding Adults Team on **01274 431077**.

You can report abuse online at www.bradford.gov.uk/makeanalert and www.saferbradford.co.uk.

Advocacy services can help support you.

Advocacy services will listen to you and help you to:

- Say what you want.
- Make sure your rights are met.
- Get the services you need

Information on Advocacy Services available in Bradford can be found at www.bradford.gov.uk/adult-social-care/living-independently/advocacy/

Who is an adult at risk?

Aged 18 years or over:

- Has needs for care and support.
- Is experiencing, or at risk of, abuse or neglect.
- As a result of those care and support needs is unable to protect themselves from either the risk of, or the experience of abuse or neglect.

An adult at risk may therefore be a person who, for example:

- Has a learning disability.

- Is an older person who is frail due to ill health, physical disability or cognitive impairment.
- Has a physical disability and/or a sensory impairment.
- Has mental health needs including dementia or a personality disorder.
- Lacks mental capacity to make particular decisions.
- Has a long-term illness/condition.
- Misuses substances or alcohol.

Unpaid carers such as partners, relatives or friends can also get help if they are being abused.

What is abuse?

Abuse is treating someone in a way that harms, hurts or exploits them. Abuse can take many forms. It can range from treating someone disrespectfully in a way that significantly undermines their worth and affects their quality of life, to causing physical pain and suffering. It includes harm, exploitation and neglect and is not always easy to identify. Below is a list of several types of abuse.

Neglect and acts of omission

Neglect is when someone says they are going to help someone by giving them care and support but they do not.

Acts of omission is when someone ignores situations when someone else is being neglected.

Neglect can be intentional or unintentional.

Some examples of neglect include:

- Leaving someone alone for a long time.
- Ignoring medical or physical care needs.
- Failing to provide access to the right health or social care services.
- Withholding medication, not giving adequate nutrition and heating.

Self-neglect

Self-neglect is when someone does not take care of themselves properly. This can put their safety, health and well-being in danger.

Some examples include when someone:

- Does not clean themselves/home.
- Does not look after their own health.
- Lives in hoarding conditions by keeping lots of things around them.

Self-neglect may happen because a person is unable or unwilling (or both) to manage to care for them self or their home.

Sometimes some people choose to live like this and it is important their rights are upheld if they have the mental capacity to make the decision.

Financial and material abuse

Financial and material abuse is when someone takes someone's money or things without asking.

Some examples of financial and material abuse include:

- Theft, which is stealing money, benefits or things.
- Fraud.
- Misuse of a person's property or things.
- Internet scamming.
- Putting pressure on someone to change their financial arrangements, such as wills, property or inheritance.
- Misuse of any lasting power of attorney or appointeeship.

Discriminatory abuse

Discriminatory abuse is when someone says or does bad things to someone else because they are different to them.

People are treated unfairly because of their:

- Race or religion.
- Gender, gender identity or sexual orientation.
- Age.
- Disability.

Some examples of discrimination include:

- Harassment.
- Verbal abuse.
- Physical and psychological abuse.
- Hate incidents or hate crime.

Organisational abuse

Organisational abuse is when any form of abuse is caused by an organisation. It can include neglect and poor practice within a specific care setting such as a hospital or care home, or where care is given to someone in their own home.

This may range from one off incidents to on-going ill-treatment. It can be through neglect or poor professional practice as a result of the structure, policies, processes and practices within an organisation.

Physical abuse

Physical abuse is causing physical pain, injury or suffering to someone else.

Continued on opposite page

Some examples of physical abuse include:

- Hitting, Slapping, Pushing, Kicking & Burning.
- Not giving someone their medication, or too much medication or the wrong medication.
- The use of illegal restraint for example, where someone holds another person by forcing them down.
- Inappropriate physical sanctions like locking someone up in a room or tying them to furniture.

Sexual abuse

Sexual abuse is when someone does sexual things to another person who does not want it happening to them or may not understand what's happening.

Some examples of sexual abuse include:

- Forcing someone to have sex against their will, which is known as rape.
- Sexual assault.
- Touching.
- Making sexual remarks.
- Making someone take part in sexual acts, made to watch sexual activity.
- Sexual exploitation.

Psychological abuse

Psychological abuse is also known as emotional abuse. This is when someone says and does bad things to upset and hurt someone else.

Some examples of psychological abuse include:

- Humiliation/Intimidation.
- Blaming.
- Controlling/Coercion.
- Harassing/Verbal abuse.
- Bullying and cyber bullying.

- Isolating.
- Threatening to harm or abandon.
- Stopping someone from seeing other people e.g. their friends and family.
- Stopping someone from having access to services or support.

Domestic violence and abuse

Domestic violence and abuse happens between people in relationships or family members. It is a pattern of behaviour which involves violence or other abuse by one person against another.

Examples of domestic violence and abuse include:

- Emotional abuse/psychological abuse.
- Physical abuse.
- Sexual abuse.
- Financial abuse.
- Honour based violence.
- Forced marriage.
- Female genital mutilation.

Modern Slavery

Modern Slavery is when someone is forced to work or do other things they do not want to.

It is a growing problem that can happen to men, women and children. People are treated like slaves; they are forced and tricked into a life of abuse. It is treating people in an inhumane way. This means when someone is cruel, does not have compassion and they can make people suffer.

Modern Slavery can take many forms and some examples include:

- Trafficking people where the traffickers are the slave masters.
- Forcing someone to work, they can be made to work for free in a shop, in a factory or even sell sex.
- Forcing someone to be a domestic slave and not letting people have their own life.

Reporting abuse

Police

If you think an adult is at risk of abuse or you are worried that someone might be being abused raise your concern at:

www.bradford.gov.uk/makeanalert.

If you are unable to complete the online form, contact the Safeguarding Adults Team on **01274 431077**.

Monday to Thursday: 8.30am to 4.30pm

Friday: 8.30am to 4pm.

Out of Hours Emergency Duty Team

Tel: **01274 431010** (outside office hours).

Paying for care

Care funded by the Council

Do I qualify for local authority financial assistance?

If you have capital below £14,250 you will be entitled to maximum support although you will still contribute your income less £24.90 per week retained for personal expenses. If you have capital between £14,250 and £23,250 you will also pay a capital tariff of £1 per week for each £250 or part thereof between these two figures.

If your assets, such as any property you own, are calculated to be above £23,250 you will, be expected to privately pay for your own care.

Do I have a choice of care home if the Council is paying?

Yes, you have a choice where your local authority is placing you, the home you choose

must be suitable for your assessed needs, comply with any terms and conditions set by your local authority and not cost any more than they would usually pay for someone with your needs.

What if a home costs more than the local authority is prepared to pay?

The local authority will allow a third party such as a relative or friend to top up the care fees to the rate agreed with the care home.

My partner needs care, how does this financially affect me?

Your local authority will take into account 50% of any joint savings therefore, to accelerate financial help, it is better to have separate single accounts meeting care costs paid from the account of the person in the care home.

Third party payments

The local authority will choose you a home that is suitable to meet the person's assessed needs, subject to the following conditions:

- It doesn't cost more than the local authority would usually expect to pay to arrange accommodation for someone with the same needs.
- The provider is willing to enter into a contract on the local authority's usual terms.

If you decide to live in a care home that costs more than the rate the local authority pays, you will be given the opportunity to ask someone else to make an additional payment (usually referred to as a third party top-up).

If a friend, relative or charitable organisation agrees to pay the additional amount they should be made aware that fees usually increase once a year and that they are confident that they can make payments for as long as is required. The individual who is paying the top-up fee will be asked to enter a third party contract with the care provider.

If the payments stop then the care provider is within its rights to ask you to move to another home if someone cannot pay the top-up amount.

The Care Act changes the way that people pay for their care and support, the new regulations mean that you will be able to cover the difference yourself if:

- You have been living in the care home for less than 12 weeks.
- You have a deferred payment agreement with the council.

For more information contact Bradford Metropolitan District Council Independent Advice Hub on **01274 435400**.

Self-funding

If you are self funding your care because you are not eligible for local authority funding, there are certain forms of financial assistance you may be entitled to.

Will the local authority pay my fees whilst I am selling my former home?

If, apart from your property, your other capital is below £23,250 the local authority will help as above with the costs during the first twelve weeks of permanent care. Beyond that period any financial help will be charged against the value of your former home and recovered from the eventual sale proceeds.

Do I have to pay Council Tax on an empty property?

If you move into a care home and your property is empty then you should receive Council Tax exemption until it is sold.

Do I have to sell my property?

No, your local authority can lend you the money to pay for your care charged against your property value. However, they may limit how much they will pay. The local authority will not force you to sell your home.

The value of a house will not be included in the following situations:

- You are not going into residential care permanently.

- Your husband/wife lives in the home.
- A relative aged over 60 lives in the home.
- A child under 16, who you are responsible for.
- A disabled relative or long term carer lives there.

If your situation changes you must let the local authority know when this happens. They may then include the value of your house, when they work out how much you have to pay.

What happens if I move into a care home independently and run out of money?

Once your capital reduces to £23,250 you should seek local authority assistance. The Council will then meet with you to assess your eligible needs for Care and Support against the criteria outlined in the Care Act 2014. Depending on the outcome of this assessment you may need to continue to pay for care services.

But, if the home costs more than the local authority usually pays and home will not reduce its fees you could be in the difficult situation of either finding a source of top-up or seeking less expensive accommodation.

For more information on paying for care, contact Bradford Metropolitan District Council Independent Advice Hub on **01274 435400**.

Important information

Care home contracts for self-funding residents

If you are self-funding your care and have a contract with your care provider, it is important that you seek advice from independent financial and legal advisors who will look through your contract and discuss any points with you so that you have a clear idea of what is expected from both parties.

Contracts should detail:

- Cost of care.
- What care is being supplied.
- Timescale for review of contract.
- Your legal rights and obligations.
- How to cancel a contract.
- Length of contract.

The Care Act

The Care Act focuses on enabling people to have choice and control of their own care and support.

For full details on the Care Act visit our website at www.careandsupport-bradford.co.uk.

PRIORITY CARE

BRADFORD NEWEST AND
Most Luxurious CARE HOME...

Priority Care Home is a dementia care home, located adjacent to the picturesque Lister Park, Bradford.

Set within the 4.5-acre complex of Bolton Royd, Priority Care was previously occupied by Bradford College as the adult and community learning centre, before being renovated into a modern care home, designed specifically for the needs and requirements of dementia residents.

Our Mission is to create a luxurious, modern and safe environment at an affordable cost. We can hold up to

37 residents over the age of 65 who are living with dementia. All bedrooms are fully equipped with en-suites and shower facilities. The home has been designed using block coloured anti-bacterial paint which is proven to actively inhibit MRSA and E-Coil giving yourself more peace of mind that Priority Care is further protected in every corridor and residents' rooms.

Also our Human Centric Lighting that enhances well-being, comfort and promotes health. Priority Care has truly been designed with dementia residents and their carers in mind.

Situated in the historic village of Haworth.

Close to all local facilities, and adjacent to park.

We offer a personalised care service delivered by a dedicated and friendly staff team in a clean, comfortable and welcoming environment

All areas of our Home are decorated, furnished and maintained to a high standard, but we encourage residents to bring personal items to make their own space 'just how they like it'. We offer a varied menu of two course meals with hot and cold alternatives and lighter options / snacks if preferred. Any special dietary requirements are catered for by our chef.

Lindisfarne Care Home Ltd

Bridgehouse Lane, Haworth BD22 8QE Telephone: 01535 645 206

Rated Outstanding in 4 out of 5 areas ☆☆☆☆

CROFT HOUSE CARE HOME

A FAMILY OWNED AND RUN CARE HOME PROVIDING RESIDENTIAL CARE, DAY CARE AND RESPITE CARE FOR THE ELDERLY WITH INCREASING PHYSICAL AND OR MENTAL FRAILTY, OR THOSE SUFFERING WITH DEMENTIA.

We offer a permanent, short stay or day care provision based on the residents needs. We pride ourselves on our friendly and homely environment, well trained long serving caring staff. There is a very high ratio of staff to residents which encourages person-centered care.

We offer a full programme of daily activities and entertainment to ensure all our residents lead full and active lives, we also have a permanent activities coordinator.

- Registered to provide excellent & extensive flexible day care from 7am to 7pm - all meals, entertainment and personal care offered, including a bath or shower.
- 24 hour care with nurse call facilities.
- 29 single rooms, some with en-suite facilities.
- Daily activities including exercises classes, art classes and musical entertainers.
- Regular outings including bus trips and canal trips in the home's own minibus.
- Excellent home cooked meals with special dietary requirements catered for.
- Visiting chiropodist, hairdresser & optician.

Greetings,

I'm Dr. Kaj Raveendran, and I'm reaching out to introduce myself. My professional background is rooted in emergency medicine, and I have a particular passion for delivering outstanding patient care. Before embarking on my medical journey, I had the privilege of working as a caregiver, an experience that profoundly shaped my approach to healthcare.

I am genuinely excited to join the esteemed community at Croft House. I have great respect for the current management, as well as the entire dedicated care team. The unwavering dedication to residents' well-being and the exceptional level of care they receive are truly commendable. This commitment to excellence is evident in the outstanding rating highlighted in the CQC reporting.

I appreciate the warm welcome and look forward to contributing to the Croft House community.

Best regards, Dr. Kaj Raveendran

Abbeydale

Retirement Home

CQC rated

Outstanding ☆

Grove Road, Ilkley, West Yorkshire LS29 9QE

Enjoy high-class comfort and care in Ilkley, with panoramic views across the scenic valley and surrounding countryside.

- 24 hour care by caring staff
- All bedrooms with en-suite
- Excellent meals with special diets catered for
- Happy pleasant atmosphere
- Regular outings and entertainment
- Tastefully furnished throughout
- Warm, safe and comfortable environment
- Set in large beautiful gardens
- Hairdresser and beautician

When you walk into Abbeydale you enter a stylish and luxurious home that feels more like a hotel. The recently refurbished rooms provide bright and positive accommodation, and encourage a happy and satisfying life for residents.

The spacious en-suite bedrooms with adjoining sitting room, are furnished to the highest standards and come with colour television, smoke detectors, and 24 hour nurse call system. There are various elegant reception rooms and lounges, where residents may convene for a chat or smaller more intimate

rooms for a quiet place to read.

A full programme of entertainment and activities are organised daily, and outings take place regularly. Abbeydale's own vehicle can take up to six residents out into the beautiful countryside, shopping trips into Ilkley and afternoons at tea rooms. We also promote the continuation of personal hobbies and interests.

The personal needs of each individual are carefully identified and care programmes are created to ensure that the best care is provided.

In order to do this all staff receive in house

training and follow Abbeydale's philosophy of care which is designed to give residents privacy and control over their daily lives.

Our care staff provide for special bathing, dressing and changing needs, serving meals and tending to laundry, as well as medication, supervision and co-ordination of any appointments for the GP, Dentist and Optician.

So, if you are a retired person or couple seeking a comfortable life in Ilkley, Abbeydale could prove to be the perfect solution. Please call us now for a brochure or call in to visit us.

Bradford Care Association

Together, we make a difference

Bradford Care Association (BCA) is a membership organisation that is committed to helping Residential Homes, Nursing Homes, Domiciliary Care Providers, Extra Care and Supported Living to give the best possible care to Service Users in the Bradford District.

BCA was established in 2014, and with members representing from across all care sectors within Bradford, the BCA deals with everyday issues and the many priorities facing those in the social care sector.

Vision - To have a united and sustainable care sector across the Bradford District that is known for providing innovative and high-quality care and is an equal partner within our health and care system,

Purpose - To collaborate with others to be the voice of the Bradford care sector and the people it supports; helping it evolve and innovate through the development, sharing and adoption of best practice and the influencing of the care industry's decision makers on critical issues.

The BCA strives to...

- Promote the best quality of life for the people we support.
- Help create services led by good managers, delivered by staff who feel valued and love what they do.
- Achieve a fair cost of care for care homes, home support, extra care and supported living.
- Positively engage with and support care providers.
- Share best-practice.
- Provide one powerful voice that can liaise and work closely with our system partners - The Local Authority, NHS, CCG and CQC.

BCA 
Bradford Care Association

“The BCA fosters the feeling of being part of a team rather than standing alone and help to forge strong relationships.”

- Work collectively for the good of the care sector.
- Ensure that the care sector is a key and equal partner in the Integrated Care Partnership (ICP) and West Yorkshire and Harrogate Integrated Care System (ICS).
- Shape the local care sector strategy to ensure the sustainability of the sector.
- Lead innovation in the care sector.
- Campaign for and raise awareness of issues, risks and solutions.
- Evidence the value of the care sector's contribution to keeping people happy and healthy at home.
- Lobby at a local, regional, and national level for the good of all members.
- Develop new and improved models of care.

The BCA are active members of the Care Association Alliance (CAA), the alliance was established as a means of local care associations to exchange best practice based on their experiences as well as being useful a vehicle to highlight the challenges and issues faced by care providers directly to the central decision makers such as the Department of Health and Social Care.

Benefits for members

Bradford Care Association members enjoy a whole host of benefits.

Practical help:

- Advice, guidance and information on best practice, including quality workshops, a dedicated WhatsApp group for managers and an insightful, regular news bulletin.
- Informative tools and best-practice documents to support providers with assessments and inspections including the CQC Provider Information Return (PIR) Workbook.
- Training, support and direction on funding and grants as well as DSPT/ GDPR compliance support.
- Help attract a high-quality workforce through value based recruitment.

- Access to resources to help staff health and well-being.
- Advice on developing and retaining the current workforce through training and incentives.

Communication and endorsements:

- Direct access to leaders within the Local Authority, the CQC, the CCG, NHS and ICS
- BCA Membership demonstrate to CQC a provider's commitment to quality of care, sharing of best practice, local engagement, and continuous improvement.
- Membership certificate.

Cost savings:

- Specialist discounted training and leadership development support.
- Procedural support and guidance on Covid-19 testing, PPE, medication, and hospital admissions/discharges.
- Access to members only special discounted prices and offers for a range of services such as Person-Centred Software and Altura Training.

Nursing & Residential Care Home

A specialist Dementia Care Provider

With Pride, We Care

Acorn Nursing Home was established in 1989 and has been owned and managed by Regency Healthcare Ltd since 2007.

We provide support and care of a high standard for older people who have dementia (including challenging behaviour), need palliative care, have physical and learning disabilities and increasing mental frailty.

Our dedicated care team, fully DBS checked, is headed by an experienced registered manager.

We have full time occupational therapist responsible for organising the daily activities, tailored to the needs and abilities of our residents.

Our trained chefs prepare a wide range of home cooked food using fresh local produce. The choice is based on traditional recipes and daily alternatives are provided at every meal time. Special diets are also catered for.

SOLLA

Society of Later
Life Advisers

The Society of Later Life Advisers (SOLLA) aims to assist consumers and their families in finding trusted accredited financial advisers who understand financial needs in later life.

The complexities of the many decisions you or your family may need to face when looking at issues such as care funding matters or whether equity release is the right thing for you, will need careful and considered advice.

SOLLA links you with an adviser who can help you explore the solutions that work for you and, where they are involved, your family too.

For further
information, visit:
www.societyoflaterlifeadvisers.co.uk

The Avenue Nursing Home

The Avenue is a modern, purpose built state of the art nursing home with 64 single en-suite bedrooms located in the Clayton area of Bradford. We Specialise in Nursing, Residential and Specilaist Dementia Care.

The Avenue Nursing Home is not just a nursing home, it is a place to feel safe and cared for; a place to enjoy a life enriched by pleasant surroundings, good food, strong bonds and an excellent standard of care. We aim for excellence in balancing physical care needs with emotional ones, taking a holistic approach to caring for residents and helping them to lead a happy and fulfilling life.

On a day to day basis the home is managed by Daniel Holt, and along with a dedicated team of staff care is provided within a safe, professional and homely environment with family values in mind at all times.

The Avenue Nursing Home focuses on the small details that define the difference between excellent and exceptional. We are here for one purpose – to engage and enrich the well-being and spirit of our residents.

If you have a care enquiry please contact Emma on: 01274 586419 (Ext. 3)

HOLDEN GRANGE CARE GROUP

Family-run care homes, each

HILLBRO

24 hour nursing care in a beautiful setting

Hillbro is a historic home in a picturesque setting, offering a relaxed and friendly environment for residents who require 24 hour nursing care.

Also providing specialist dementia care, our nurses spend time getting to know the personalities, preferences and the concerns of each resident. You can rest assured that every resident will be cared for by familiar faces in a safe and homely environment.

HOLDEN LANE, BILDON, SHIPLEY, BD17 6RZ

GRANGE COURT

Residential care for long & short stays

Grange Court is an elegant residence set in south-facing gardens. Here, we aim to provide care that allows our residents to lead an enjoyable life with maximum independence and dignity in safe and comfortable surroundings.

Grange Court has several attractive communal rooms, including three lounges and two dining rooms, one with a bar offering a selection of wines and beers.

STATION ROAD, BILDON, SHIPLEY, BD17 6HS

OAK LODGE

Care for adults with mental health needs

Oak Lodge in Bradford provides residential care for adults, allowing them to maintain an independent lifestyle with supervision and encouragement from a dedicated caring team with their best interests at heart.

We aim to promote the independence, dignity and rights as an individual of each of our residents, offering a holistic and person-centred approach to their, often complex, mental health needs.

OAK VILLAS, MANNINGHAM, BRADFORD, BD8 8BG

one with a unique identity

WE SUPPORT PEOPLE, TO SUPPORT PEOPLE

The dignity & wellbeing of our residents is our highest priority

Holden Grange Care Group offers accommodation across three care homes, each unique and with its own style and personality. Whether you are looking for recovery after an operation, a break whilst family are away or want to make your home here, we would love to help.

Our intention is to provide care that allows our residents an enjoyable life with maximum independence and dignity in safe and comfortable surroundings. We strive to ensure that all our residents receive the highest standard of care and enjoy a delicious healthy diet, hobbies, exercise and fun social activities.

By valuing the needs of the individual, we can offer personalised care and enable our residents to do as they please, living the life they choose to the agenda that suits them.

Our mission is to support people through dignity, empathy, respect and dedication to their well-being.
